Operations Committee and Engineer's Report

Ms. Nelson presented an update on the ongoing operations issues at the work session.

Ms. Nelson reported that the on-site visit to the Llewellyn Dam was held on December 8, 2021 with representatives from PA DEP and SWDCMA and possible property owners of the dam (Iacobucci, Guarini and Aston Township) present to discuss the proposed removal of the dam as proposed by Iacobucci. Mr. Gade and Mr. Catania continued providing the details from the on-site meeting. PA

DEP intends to issue an emergency permit to complete the proposed work once the permit holder and contractor are provided by Iacobucci and expects the work to be completed in 2-3 weeks. The Authority has two issues of ongoing concern: the protection of both the replacement line that was installed in August 2020 and the sewer line that crosses the creek. Part of the proposed plan for dam removal includes straightening the creek bend to alleviate ongoing erosion over top of our replacement pipe by using the materials from the dam. In addition, the sewer line crossing the creek will also be protected with stone and ramped down in elevation to lessen the current vertical drop of the creek's flows. PA DEP does not consider the sewer line crossing to be a dam at its current location and elevation; however, if future modifications raise the elevation of the creek crossing, PA DEP may have to re-evaluate the structure to determine if it is jurisdictional. PA DEP has instructed Iacobucci to coordinate with the Authority on the final design and the sewer line protection. Following questions from the Board, Mr. Gade was asked to obtain all of the project details from PA DEP in writing.

Mr. Nelson reported that the video inspection provided by the Brookefield developer revealed a few issues requiring repair. Mr. Gade advised that there are two sags in the sewer line located in Lenni Road that the Authority is requiring to be repaired before we accept dedication. In addition, the manhole adjacent to the Chester Heights Fire House has a groundwater leak that requires repair. Lastly, the tracer station boxes shown on the plan were unable to be located in the field, so the developer is being asked to locate and raise them to grade. Although these modifications/repairs are required before dedication is accepted by the Authority, they do not impede the progress of Rose Hill.

Ms. Nelson reported that there have been no further updates received on the One Smithbridge LLC project.

Ms. Nelson reported that the Rose Hill project continues to move forward.

Ms. Nelson reported that Mr. Koerner has been communicating with Stantec, the Authority and the developer on the Camp Meeting project in an effort to bring the sewer work to completion. This project is ongoing.

Ms. Nelson reported that she continues to receive updates from attorneys Mark Pinnie and John Mezzanotte regarding their communications with CWA's insurance adjuster regarding the Authority's damages at 507 Schick Road. Ms. Nelson reported that her communications with Agnes Wuebkenberg, Chester Water CFO, addressed the delay of the adjuster by advising that CWA just provided the information to the adjuster that was requested months ago. Now that the adjuster has received the requested information, hopefully this situation will be resolved within the next 30 days.

Ms. Nelson advised the Board of a new incident of damage to a sewer main at Lamp Post Lane and Weir Road. The result of a directional drilling by another utility resulted in the break of the sewer main and a backup into the residence at 2495 Weir Road. All utilities in the area were contacted to determine ownership of the pipe that caused the damage and all utilities denied ownership. Ms. Nelson had Mr. Tasker contact Blood Hound, a utility locator service, for their assistance and it was determined that the damage was caused by PECO. A damage claim reference number was provided and Ms. Nelson will prepare the invoice for reimbursement from PECO.

Ms. Nelson provided the flow information through November 30, 2021 to the Board, which included the anticipated annual true up of the Delcora budgeted flows.

Minutes of the previous meeting

The minutes from the November 22, 2021 General Board Meeting were presented on a motion by Ms. Goodrich-Cairns, second by Mr. Saudarg and approved on a 6 to 0 vote.

Finance Committee

Ms. Nelson presented the December 2021 adjustments for sewer service accounts, which totaled \$16,203.80 net debit. On a motion by Mr. Saudarg and second by Mr. Zwiercan, December sewer service account adjustments were approved on a 6 to 0 vote.
