## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Southwest Delaware County Municipal Authority  
A Component Unit of Aston Township

### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the accompanying financial statements of Southwest Delaware County Municipal Authority (the "Authority"), a component unit of Aston Township, as of and for the years ended December 31, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of Southwest Delaware County Municipal Authority, as of December 31, 2024 and 2023, and the respective changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical

context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**SOUTHWEST DELAWARE COUNTY MUNICIPAL AUTHORITY  
(A COMPONENT UNIT OF ASTON TOWNSHIP)  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
DECEMBER 31, 2024 AND 2023**

This section presents management's discussion of the financial condition and operating performance of the Southwest Delaware County Municipal Authority (the "Authority") over the course of fiscal year 2024 and comparison to fiscal years 2023 and 2022. Please read this analysis in conjunction with the Authority's financial statements included with this document.

**SUMMARY OF THE ORGANIZATION:**

The Authority is a municipal corporation created by Aston Township under the Pennsylvania Municipal Authorities Act of 1945, as amended, (Act) for the purpose of financing, engineering, constructing and operating the public sanitary sewer system.

The Aston Township Commissioners appoint a seven-member Board of Directors to staggered five year terms. The Authority hires its own employees and professional advisors.

The Authority is an operating authority under the Act. The Authority owns and maintains a collection system within its service area that consists of over 84 miles of collection system piping, five pump stations and ten siphons. The Authority through contractual and inter-municipal agreements acts as the treating agency for several bordering municipalities.

The Authority has no taxing power under the Act, but relies on sewer rental rates and charges imposed under the Act. Tapping fees, connection fees, and other service charges may be assessed for connections to the system. These fees are not generally included in budget forecasts until a developer's agreement has been executed with the Authority.

**OVERVIEW OF ANNUAL FINANCIAL REPORT**

Management's Discussion and Analysis ("MD&A") is an introduction to the basic financial statements. The MD&A represents management's analysis of the Authority's financial condition and performance.

The financial statements include:

Statements of net position - These statements will help the reader determine if the Authority's financial picture is better or worse as a result of this year's activity.

Statements of revenues, expenses and changes in net position - These statements present the results of business activities during the fiscal years and the amounts representing changes in net position.

Statements of cash flows - Reports changes in cash and cash equivalents resulting from operations, capital, financing and investment activities.

Notes to financial statements - The notes provide additional information to fully understand the data presented.

**FINANCIAL AND ADMINISTRATIVE COMMENTS:**

The Authority uses a customer billing formula that is based upon two components. The rate structure was designed to enhance the revenue of the Authority to meet the operational expenses and to reflect charges based upon system utilization. The first component (flat rate) is assessed to each customer that maintains a connection to the system, whether residential or commercial. The second component (consumption) is based on the water usage as reported by the supplier of the potable water.

Increase in Net Position	<u>\$ 92,930</u>	<u>\$ 832,752</u>	<u>\$ 2,077,434</u>

Additional information on the Authority's long-term debt can be found in Note 7 to the financial statements. The Authority's debt is secured by the sewer receipts and revenues.

**Economic Factors and Next Year's Budgets and Rates**

In December 2009, the Southwest Delaware County Municipal Authority (SWDCMA) entered into an agreement of service with the Delaware County Regional Water Quality Control Authority (Delcora) to provide wastewater treatment service commencing no later than December 31, 2014. This agreement called for the construction of a force main and pumping station by Delcora that would transfer the wastewater flows to their plant for treatment. By this agreement, the treatment cost for SWDCMA included its proportionate share of the pumping station construction and ongoing maintenance costs. The percentage of flows contributed by SWDCMA and MTSA would be calculated annually and adjusted accordingly until the MTSA Chester Creek Interceptor became fully operational, which would allow for the metering of flows.

**SOUTHWEST DELAWARE COUNTY MUNICIPAL AUTHORITY  
(A COMPONENT UNIT OF ASTON TOWNSHIP)  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
DECEMBER 31, 2024 AND 2023**

On November 11, 2014, the construction of the Chester Ridley Creek Pumping Station (CRCPS) was completed and all SWDCMA wastewater flows were transferred to Delcora for treatment. This phase of the project allowed for SWDCMA and MTSA to each become responsible for the treatment cost of their respective flows as provided in their agreements with Delcora.

On March 27, 2018, the MTSA Chester Creek Interceptor became fully operational with the completion of Phases I and II. Wastewater flows from Middletown Township are conveyed through the MTSA Chester Creek Interceptor and metered at the Chester Ridley Creek Pumping Station. Flows from the SWDCMA service area are conveyed through the Chester Creek and Baldwin Run Interceptors and metered at the Chester Ridley Creek Pumping Station. This separation of metered flows allows for an accurate billing of the treatment service provided by Delcora,

In July 2019, Delcora announced that it had entered discussions with Aqua America for the purpose of an asset purchase by Aqua PA Wastewater, Inc. In September 2019, Delcora passed a resolution authorizing the asset purchase agreement with Aqua PA Wastewater, Inc. The Aqua/Delcora asset purchase agreement is the subject of a recent Commonwealth Court which remanded the case to the Delaware County Court of Common Pleas and a related proceeding before the Pennsylvania Public Utility Commission which has placed a stay on the application. The transfer of the Delcora sewer system assets to either Aqua or Delaware County will be addressed by these two proceedings.

As provided in the 2013 Global Agreement, upon completion of Phase II of the MTSA Chester Creek Interceptor project, the Middletown Township Sewer Authority transferred ownership of its section of the original Chester Creek Interceptor to the Authority on a lease purchase basis, at a purchase price of \$300,000. Payment terms of the lease purchase are ten annual installments of \$30,000 and began March 2018.

The Authority satisfied the S&T Bank Sewer Revenue Note, Series of 2017 in August, according to the terms of the agreement. This note payable was a tax-free note with an annual interest rate of 3% and a maturity date of August 2024.

With the satisfaction of the S&T Bank Sewer Revenue Note-Series of 2017, the Authority issued an RFP for banking services. In October 2024, the Authority began a new banking relationship with Citizens Bank. In addition to improved interest rates, Citizens offers a variety of banking programs and services to their Commercial Priority customers, that includes a Government Banking Client Advocate for the Authority.

The 2024 Budget includes a 3% rate increase and continues to provide funds for the Corrective Action Plan, as required by the PA DEP. The Authority completed two projects utilizing grant funds awarded under the PA Small Water and Sewer Program, funded two major sewer line repairs and completed the planning phase on a pump station rehabilitation while continuing the ongoing operation, repair and maintenance of the entire collection system.

The Authority completed a billing software conversion in July 2024 for over 7,500 direct billed customers. Sewer revenues increased over \$238,000 when compared to FY2023. Outstanding sewer rents as of December 31, 2024 reflected a slight increase of \$32,000 as compared to December 31, 2023 and is attributed to the fifty most severely delinquent customer accounts. The Authority will continue with the process of executing on property liens as the next step in collecting the Authority's most severely delinquent accounts.

The Authority believes that the changes in operations and the programs it has enacted will enable it to sustain its financial goals and objectives.

**SOUTHWEST DELAWARE COUNTY MUNICIPAL AUTHORITY  
A COMPONENT UNIT OF ASTON TOWNSHIP  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2024 AND 2023**

**NOTE 1: NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Southwest Delaware County Municipal Authority (the "Authority") is a body corporate and politic, organized and existing under the laws of the Commonwealth of Pennsylvania. It was incorporated on December 16, 1957 under the Municipal Authorities Act of 1945, being the Act of May 2, 1945, P.L. 382 as amended, pursuant to an ordinance duly enacted by the Board of Commissioners of the Township of Aston, to improve, maintain, operate, own, lease either in the capacity of lessee or lessor, sewer, sewer systems or parts thereof and sewage treatment works for treating and disposing of industrial waste in and for the Township of Aston and for such territory as it may be authorized to serve.

The financial statements of the Authority have been prepared in conformity with U.S. generally accepted accounting principles as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the Authority are described as follows:

**Reporting Entity**

The Authority has adopted the provisions of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards for the criteria used to evaluate the organizations, activities and functions that should be included in the Authority's financial statements. The basic criteria are the exercise of oversight responsibility over such organizations, activities, and functions and financial interest.

The criteria used in determining the scope of the reporting entity for financial reporting purposes are consistent with the guidance contained in *GASB Statement No. 61, "The Financial Reporting Entity: Omnibus - An Amendment of GASB Statements No. 14 and No. 34."*

- *Selection of the governing authority:*

The members of the Authority's Board of Directors are appointed to five-year terms by the Township supervisors. While there is continuing communication with the Township, there is little linkage to elected Township officials after appointment.

- *Designation of management:*

The Authority's management and employees, who are responsible for the Authority's operations, are appointed by, and are held accountable to, the Authority's Board of Directors.

- *Ability to significantly influence operations:*

The Authority reviews and approves all budgetary actions, signs contracts as the contracting agency, hires and controls key management personnel, and exercises control over facilities, property, and policies relating to the services provided by the Authority. The Township assumes no responsibility for the Authority's day-to-day operations.

**NOTE 1: NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(continued)**

- *Accountability for fiscal matters:*

Budgetary authority and control over collection and disbursement of funds, fiscal management, and funding deficits rests with the Authority. With the 2015 refunding of the bonds, the Township of Aston no longer guarantees the debt of the Authority.

Based on these criteria, the Authority is a Component Unit of Aston Township. The Authority's relationship with the Township is so significant that its exclusion would render the Township's financial statements misleading, even though financial accountability to the Township is absent.

**Measurement, Focus, Basis of Accounting and Financial Statement Presentation**

The Authority's financial statements are prepared on the full accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this basis of accounting, revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of the related cash flows.

All activities of the Authority are accounted for within a proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The accounting and financial reporting treatment applied to the Authority is determined by its measurement focus. The transactions of the Authority are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the Statements of Net Position. Net position (i.e., total assets net of total liabilities) are segregated into: "net investment in capital assets"; "restricted"; and "unrestricted" components.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Authority's ongoing operations. The principal operating revenues of the Authority are charges to customers for sewer rentals and services. Operating revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**Budgetary Data**

The Authority's management prepares the Authority's operating budget. The Authority follows these procedures in establishing the budgetary data included in the financial statements:

- A preliminary budget is presented to the Board of Directors during October and approved in a public meeting.
- The operating budget includes proposed expenditures and the means of financing them.
- Budgetary control is maintained at the account level.
- Prior to December 15<sup>th</sup>, the budget is legally adopted through the passage of a resolution at a public meeting.
- All budget revisions require the approval of the Board of Directors.
- The budget lapses at the end of each year.

**Restricted Assets**

Restricted assets include developer escrows. Developer deposits held by the Authority are to be used to pay for engineering, legal, inspection costs, and administrative fees associated with the respective developers' projects. Upon receipt of the funds, the Authority records the cash and corresponding liability, and when the Authority receives invoices for expenses on behalf of the developer, it disburses the funds and reduces the liability.

**Sewer Rentals Receivable**

The Authority provides continuous services to its customers. Except for residents of Upper Chichester Township, billings are provided to customers on a quarterly basis for the quarterly calendar period immediately preceding the date of the bill. The Authority bills the sewer authority for Upper Chichester Township on a semi-annual basis on the first day of January and July of each year for the semi-annual calendar period immediately preceding the date of the bill.

The Authority recognizes uncollectible accounts at the time they are deemed to be uncollectible. The Authority is performing collection efforts and continues to file liens on properties with delinquent amounts. As of December 31, 2024 and 2023, the allowance for doubtful accounts was \$400,902.

**Capital Assets**

Capital Assets are stated at cost. Expenditures for maintenance, repairs and betterments that increase the service capacity or prolong the service life beyond that originally contemplated are capitalized. Upon retirement or disposal, the cost of the asset is removed from the respective accounts and any gain or loss recognized is included in the Statements of Revenues, Expenses and Changes in Net Position. Capital Assets are capitalized with a \$5,000 threshold. Property and equipment are being depreciated using the straight-line method over the estimated useful lives of the assets.

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2024 AND 2023**

**NOTE 1: NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(continued)**

Depreciable lives of plant and equipment are estimated as follows:

Asset	Years
Infrastructure and pump stations	20 - 40
Buildings	40
Equipment	3-15

**Capital Contributions**

Sanitary sewer infrastructure constructed and installed by developers and dedicated to the Authority are recorded as capital contributions and depreciated over their estimated useful lives. Capital contributions are recorded as income in the year of dedication to the Authority. There were no capital contributions for the year ended December 31, 2024. Capital contributions for the year ended December 31, 2023 were \$765,293.

**Deferred Revenue**

Income from Connection Fees is deferred and not recognized until settlement has been completed on the new homes. As of December 31, 2024 and 2023, deferred revenues were \$1,187,345 and \$381,850, respectively.

**Compensated Absences**

Employees of the Authority are entitled to paid vacation, paid sick days and personal days off, depending on the length of service and other factors, per the employee handbook.

As of December 31, 2024 and 2023, the liabilities for unpaid compensated absences were \$20,836 and \$18,843, respectively

**Use of Estimates**

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

**Net Position**

Net position comprises the various net earnings from operating and nonoperating revenues, expenses and contributions of capital. Net position is classified in the following three components: invested in capital assets; restricted and unrestricted.

Net position invested in capital assets, net of related debt consists of all capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets.

**SOUTHWEST DELAWARE COUNTY MUNICIPAL AUTHORITY

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2024 AND 2023**

**NOTE 1: NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(continued)**

Restricted net position consists of assets restricted for capital activity or for debt service.

Unrestricted net position consists of all other assets not included in the above categories.

For expenses that could be paid by either restricted or unrestricted resources, it is the Authority's policy to use restricted resources first, and then unrestricted resources as they are needed.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period or periods and so will not be recognized as an outflow of resources (expense/expenditure) until that time.

In addition to liabilities, the statement of financial position will sometimes report a separate section of deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period or periods and so will not be recognized as an inflow of resources (revenues) until that time.

**Revenues and Rate Structure**

Revenues from sewer services are recognized on the accrual basis as earned. Services are supplied to customers under a rate structure designed to produce revenues sufficient to provide for operating and maintenance costs, capital outlay, and debt coverage.

**Governmental Accounting Standards Board (GASB) Statements Being Adopted**

The GASB issued Statement No. 101, "Compensated Absences". The statement is effective for fiscal years beginning after December 15, 2023. This statement is required to be adopted by the Authority for the year ending December 31, 2024. There was no material impact on the Authority's results of operations or cash flows as a result of implementing GASB No. 101.

**Pending Governmental Accounting Standards Board (GASB) Statements**

The GASB issued Statement No. 102, "Certain Risk Disclosure". The statement is effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The Authority has not yet completed the process of evaluating the impact of GASB Statement No. 102 on its financial statements.

The GASB issued Statement No. 103, "Financial Reporting Model Improvements". The statement is effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. The Authority has not yet completed the process of evaluating the impact of GASB Statement No. 103 on its financial statements.

The GASB issued Statement No. 104, "Disclosure of Certain Capital Assets". The statement is effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. The Authority has not yet completed the process of evaluating the impact of GASB Statement No. 104 on its financial statements.

**Reclassification**

Certain reclassifications have been made to the 2023 financial statements in order for them to be in conformity with the 2024 presentation.

**NOTE 2: RESTRICTED ASSETS**

At December 31, 2024 and 2023, cash included \$559,449 and \$566,860, respectively, held as developer escrow funds. These funds are held by the Authority to guarantee the completion of projects by developers as required by the development agreements and to pay professional fees related to the respective projects.

**NOTE 3: CASH**

**Custodial Credit Risk – Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned. The Authority's policy is to place deposits only in Federal Deposit Insurance Corporation (the "FDIC") insured institutions. Deposits in excess of the FDIC limit are collateralized pursuant to Commonwealth of Pennsylvania Public Law 72 of 1971, which allows depositories to satisfy collateralization requirements by pooling eligible investments to cover total public funds on deposit in excess of federal insurance. The Authority currently has a sweep feature with its bank whereby its credit risk is minimized. As of December 31, 2024 and 2023, \$2,918,699 and \$1,585,747, respectively, was exposed to custodial risk.

A reconciliation of amounts exposed to custodial credit risk to total cash held by the Authority is as follows:

	<b>2024</b>	<b>2023</b>
Uninsured amounts	\$ 2,918,699	\$ 1,585,747
Plus: Insured amounts	<b>250,734</b>	250,734

**NOTE 4: ACCOUNTS RECEIVABLE – ASSESSMENT FEES**

The Authority installed sanitary sewer mains and related appurtenances in the Northwest section of Aston Township for the benefit of the owners or property in that area of the Township. The owners were required by an ordinance of Aston Township to connect to the sewer system and pay for the assessment of the sewer construction over a period of thirty years. To ensure payment, management has filed liens against property owners until their assessment is paid in full.

**NOTE 5: CAPITAL ASSETS (continued)**

The Authority has an executed contract with a general contractor in the amount of \$113,400 to complete ongoing contracts in progress. As of December 31, 2024, \$11,340 was included in accounts payable, retainage and \$11,340 is left to complete on this contract.

The postage meter and copier lease amortization are presented as depreciation and amortization on the Statements of Revenues, Expenses and Changes in Net Position related to the Authority's intangible asset of a Sharp copier and postage meter, which is included in the above table as Intangible right to use lease. With the implementation of GASB Statement No. 87, *Leases*, a lease meeting the criteria of this Statement requires the lessee to recognize a lease liability and an intangible right to use asset.

**NOTE 6: LONG-TERM OBLIGATIONS**

Operating lease obligations - \$13,348 has been recorded as intangible right to use lease in capital assets. Due to the implementation of GASB Statement No. 87, the leases for a Sharp copier and postage meter met the criteria of a lease; thus, requiring it to be recorded by the Authority. These assets will be amortized over the lease terms of five years since it is shorter than the useful life and the Authority is not taking ownership of the Sharp copier or postage meter. There are no residual value guarantees in the lease provisions. The Sharp copier and postage meter leases will end in 2025 and 2026, respectively. A summary of the principal and interest amounts for the remaining lease is as follows:

Right to use lease	Lease end	Principal	Interest
Sharp copier	2025	\$ 602	\$ 3
Postage meter	2026	2,328	49
		\$ 2,930	\$ 52

The maturities of operating lease obligations as of December 31, 2024 are as follows:

For the year ending December 31,	
2025	\$ 2,187
2026	795
Total lease payments	2,982
Less: Interest	(52)
Present value of lease liability	\$ 2,930

<b>Total</b>	<b>\$ 2,068,792</b>	<b>\$ -</b>	<b>\$ (1,241,868)</b>	<b>\$ 826,924</b>

On January 19, 2017, the Authority issued DNB First Sewer Revenue Note-Series 2017 in the amount of \$9,190,000. The note is secured by sewer revenues collected by the Authority. Proceeds were being used to pay off the 2015 Note balance of \$8,190,000 and make a partial payment to DELCORA of \$1,000,000 for decommissioning/demolition of the treatment plant. During August 2024, the Authority paid off the loan balance in full. There is no outstanding balance as of December 31, 2024.

On March 27, 2018, Middletown Township Sewer Authority ("MTSA") completed Phase II of the construction of the MTSA Chester Creek Interceptor. Per the Global Agreement dated February 25, 2013, with the implementation of Phase II, MTSA would transfer ownership of their section of the original Chester Creek Interceptor to SWDCMA on a 10 year Lease Purchase basis for a purchase price of \$300,000. Annual payments of \$30,000 would begin 30 days after completion of Phase II.

**NOTE 8: RETIREMENT PLAN**

The Authority has 457(b) defined contribution plan, which provides benefits at retirement for all full-time employees who work thirty-five hours or more per week, are at least eighteen years of age and have performed one year of service. The Authority contributes an amount equal to five percent of the annual gross salary of an eligible employee who contributes up to four percent of their annual gross salary. The Authority increases its contribution to six percent for employees who contribute five percent or more. Total contributions made by the Authority for years ended December 31, 2024 and 2023 were \$16,801 and \$16,010, respectively.

**NOTE 9: DELCORA SERVICE AGREEMENT**

In December 2009, the Authority entered into a Service Agreement with DELCORA to provide wastewater treatment service at a date to commence no later than December 31, 2014.

On November 11, 2014, wastewater flows were transferred to the newly constructed Chester Ridley Creek Pump Station, located on the grounds of the Authority, and transferred to DELCORA for treatment. Upon this pumping station becoming operational, the 1968 MTSA/SWDCMA Agreement ceased to be in effect. From this point forward, flows from MTSA and Upper Providence Township Sewer Authority would be billed by DELCORA to MTSA.

This Service Agreement provides for the terms and conditions by which the pumping station construction costs and wastewater treatment costs will be determined and allocated to both the Authority and MTSA. There are no additional covenants or minimum flows required by this agreement as costs are apportioned based on metered flows.

In July 2019, DELCORA announced that it had entered discussions with Aqua America for the purpose of an asset purchase by Aqua PA Wastewater, Inc. In September 2019, DELCORA passed a resolution authorizing the asset purchase agreement with Aqua PA Wastewater, Inc.

In the third and fourth quarters of 2020, the Authority participated as a Protestant in proceedings before the Pennsylvania Public Utility Commission (“PUC”) regarding the proposed asset purchase agreement between DELCORA and Aqua and the Authority also commenced a civil action against DELCORA in the Delaware County Court of Common Pleas to preserve its rights under its then current Service Agreement with DELCORA. After discussions that extended into the First Quarter of 2021, the Authority reached a settlement with both DELCORA and Aqua and entered into an amended Service Agreement with DELCORA and consented to the assignment of the amended Service Agreement with DELCORA to Aqua if the PUC approves the DELCORA/Aqua asset purchase. The Authority has discontinued the County action and the PUC Protest has been withdrawn.

**NOTE 9: DELCORA SERVICE AGREEMENT (continued)**

The Aqua/ DELCORA asset purchase agreement has been the subject of litigation in 2022 in both the Delaware County Court of Common Pleas and the Pennsylvania Commonwealth Court and administrative proceedings before the Pennsylvania Public Utility Commission (“PUC”).

The application (Application of Aqua Pennsylvania Wastewater, Inc., pursuant to Sections 507, 1103, and 1329 of the Public Utility Code for Approval of its Acquisition of the Wastewater System Assets of the Delaware County Regional Water Quality Control Authority A-2019-3015173) was reopened by the PUC in late summer of 2022 after the remand of the Commonwealth Court proceeding to the Delaware County Court of Common Pleas and that Court’s 2022 rulings. But new 2022 filings by the City of Chester and DELCORA resulted in another stay of the proceeding in which the PUC was considering approval of the Application.

The stay on the Application proceeding was imposed by a February 6, 2023 Order of PUC Administrative Law Judge F. Joseph Brady, pending a final unappealable decision in the Bankruptcy Court for the Eastern District of Pennsylvania on the Motion to Enforce Stay (Case No. 22-13032) and a final unappealable decision in the Delaware County Court of Common Pleas on DELCORA’s Complaint for Declaratory Judgement.

The transfer of the DELCORA sewer system assets to either Aqua or Delaware County or neither will be addressed by these proceedings.

**NOTE 10: GLOBAL AGREEMENT**

In February 2013, the Authority’s Board of Directors entered into a Global Agreement between Middletown Township Sewer Authority (MTSA), the Authority, and Aston Township. This agreement provided the terms and conditions for both the Authority and MTSA and their respective flows that will be transferred to Delaware County Regional Water Quality Control Authority (Delcora) for treatment. This agreement summarizes the timelines for the construction of the new MTSA interceptor, the decommissioning process of the Baldwin Run Pollution Control Facility, and the applicable charges for the collection, conveyance and treatment of sanitary sewage.

On November 20, 2013, the Authority advised the Bond Trustee of having entered into both the DELCORA Service Agreement and the Global Agreement.

On November 11, 2014, this Global Agreement provided the termination of the 1968 MTSA/SWDCMA Agreement upon DELCORA’s Chester Ridley Creek Pump Station becoming operational.

On March 27, 2018, the MTSA Chester Creek Interceptor became fully operational and marked the start of separate flow metering of the SWDCMA and MTSA wastewater flows. With this separation of wastewater flows, the conveyance fees for Upper Providence Township to SWDCMA ceased as their flows were now conveyed in the MTSA Chester Creek Interceptor.

**NOTE 11: LITIGATION**

In the normal course of business there are various claims and suits pending against the Authority. In the opinion of counsel, the amount of such losses that might result from these claims and suits, if any, would not materially affect the financial condition of the Authority.
